

Outback

The Outback is a special cross between a plunge pool and a sport pool. Large enough for family fun and pool games, yet still small enough for tighter spaces. Clean lines, a European flavor, and rich features make this a great pool for the traditional or contemporary PoolScape.

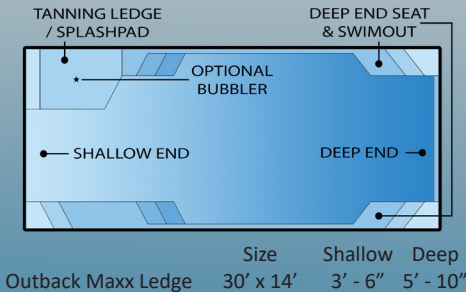

- Features & Benefits -

- 360 Degree access - Multiple orientation options
- Symmetrical design - Allows left or right orientation
- Rectangular footprint - Ideal for automatic retractable safety covers
- Rectangular footprint - Increased value - More pool for your investment
